

CHRISTMAS WITH TAMWED 2010

Would you like to give a Christmas present with a difference this year?

One of Tamwed's projects is helping to restore the use of traditional herbal medicine in remote rural areas of South India where poorer communities have limited access to medical help. Knowledge has been lost about the plants that have been used for medicinal purposes for generations. One of our partners is working with a specialist organisation to set up demonstration gardens, train local people and plant family herb gardens.

£5 pays for the training of 2 families in herb growing and care.

£10 provides 5 homes with plants seeds and compost for their herb gardens.

£30 pays for the wages for a month of a trained gardener/nursery person.

Complete the form below and we will send you a blank card (see samples right) with a voucher of your choice giving information about the project.

Thank you for your support. Find out more about our projects at www.tamwed.org
